Good morning Jon,

Yes, the Gruber Power support agreement should be renewed until the doors close here at NERL Las Vegas. The current lease agreement with the UNLV Board of Regents expires on **9/30/2020**.

Cordially,

Robert

Hi all:

Should we plan on renewing the support agreement for the UPS systems located in Las Vegas? This would be for both the datacenter as well as the smaller unit that supports the VOIP closet in the EXC bldg..
